ASIAN HEAD AND NECK CANCER FOUNDATION (AHNCF)

invites applications for FELLOWSHIP IN HEAD AND NECK ONCOLOGY. The Course shall commence from 1st April 2026. The fellowship in head and neck oncology for 1 seat for duration 2 year (5th batch).

Educational Objectives:-

- The goals of this fellowship provide comprehensive, multidisciplinary training to individuals who committed to a career in head and neck oncology.
- The fellowship program will be a 2 year program.
- The fellowship training will provide a broad exposure to the full range of clinical problems encountered in head and neck oncology practice.

Upon completion of the 2-year fellowship in Head and Neck oncology, the surgeon will demonstrate the following competencies:

- A. Expertise in the multidisciplinary management of patients with oral cancer & Neck cancer
- B. Principles of radiation and medical oncology, maxillofacial prosthetics, wound healing, reconstructive anatomy, oncologic nutrition, diagnostic imaging, and rehabilitation of speech and swallowing.
- C. Expertise in conservation surgical procedures.
- D. Judgement and ability to perform complex tumour resection and an understanding of the technical limitation of the procedures.
- E. Knowledge and/or skills in microvascular free flap reconstruction.

Fellowship Curriculum:-

The fellowship will provide exposure to the following:

- Principles and techniques of head and neck pathology including:
 1. paranasal sinus malignancies
 2. head and neck sarcomas
 3. salivary gland neoplasms
 4. oral cavity defects
 5. oropharyngeal cancer defects

The learning process will be facilitated by:-

- Development of clinical expertise by working closely with head and neck oncologists, reconstructive surgeons, radiation oncologists, medical oncologists, and allied specialties.
- Participation in multidisciplinary tumour boards and case discussions.
- Progressive hands-on operative experience, including assisting and performing head and neck oncologic and reconstructive procedures under supervision.
- Scholarly activity in the form of at least one research project leading to a publication in a peer-reviewed oncology or reconstructive surgery journal, along with involvement in community-based cancer prevention, screening, or rehabilitation programs.

Eligibility for Fellowship:-

- MS / DNB (Surgery / ENT), MDS (Oral and maxillofacial surgery).
- Registration with State Medical Council / Dental Council of India is must.

Stipend:-

- 1st Year: 30,000/
- 2nd Year: 50,000/
